## **LSO-SPO-world internet → LSO-IEP/LSO-world internet**

1. switch off and unplug the LSO-SPO internet line UPS in the LSO dome (gray plastic box on the wall)
2. plug the power adapter of the LSO-IEP/LSO FO/TP switch in the AISAS server room (back wall plate – left bottom corner)

All other cables and the LSO-IEP/LSO FO/TP switch in the IEP rack should be plugged/on.

**Warning:** please, follow strictly this order of actions !
